

GUEST HEALTH GUIDE

BEFORE ARRIVAL

GUEST ROLE

- For 14 days prior to your arrival
 - » Reduce exposure to others
 - » Reinforce proper personal hygiene techniques at home
 - » Monitor for symptoms
- Do not send any guest to camp if they have been exposed to someone with COVID-19 in the last 14 days or are displaying symptoms

TEJAS ROLE

- Enhanced staff training with special emphasis on COVID-19 information and protocols
- Health screenings of staff upon arrival on site
- Intensified cleaning between guest arrivals

AT CAMP

GUEST INTERACTION

- Proper handwashing & personal hygiene techniques emphasized
- Organize group into cohorts who operate independently from each other to the greatest extent possible
- Keep at least 6 feet distance from guests from other groups and wear mask if unable to distance

DINING FACILITIES

- Handwashing station placed at each of the 2 main entrances
- Salad bar is unavailable
- Follow current recommended mask guidelines when not at your table
- Meals will be served individually
- Outside dining options are available

FACILITIES

- High contact surfaces in the dining hall, HUB, and other common areas will be cleaned more frequently using an electrostatic sprayer
- Increased handwashing stations and hand sanitizer

MEDICAL CARE

- Guest groups are asked to take daily temperature checks and record results
- Isolation spaces will be provided for guests displaying symptoms until arrangements can be made for them to be picked up or taken for treatment
- Minors who exhibit symptoms must be able to be picked up by parent/guardian within 4 hours

AFTER CAMP

LIMIT INTERACTION

- Guests should limit interaction for 14 days after their time at camp with those who are at higher risk of serious illness with COVID-19
